Dear Mr. Veselenak:

SOLID WASTEWATER QUALITY ASSESSMENT TEST (SWAT) AND SITE INSPECTION  
(SI) WORKPLAN, REFERENCE: 5090 17/0409

The Department of Health Services/Toxic Substances Control Program (Department) has received your letter dated April 18, 1991 regarding the Modifications/Additions to the SWAT and SI Workplan, for the OLD MCRD Disposal Area, NTC San Diego.

The Department is pleased that the Navy incorporated the Regulator's comments submitted on March 1, 1991 and the revisions resulted from comments expressed during the March 14, 1991 meeting at the Regional Water Quality Control Board office in San Diego.

We feel that this document is adequate and contains all the essential technical elements of a SWAT and SI Workplan. We don't have any further comments on the subject document. The Navy may proceed with its finalization and implementation.

If you have any questions or concerns, please call Emad Yemut at (213) 590-4909.

Sincerely,

Albert A. Arellano, P.E.
